- Promotion (Industry Space Days, Poznań Fairs)
- Organisation of Industrial Workshops (09.02, 17.11)

Warsaw, 22 June 2007

Activities and Plans in 2007

- **Strategic Research Agenda (2007-2010)**
- **Joint projects in the frame of national R&T programmes**
- **Promotion**
- **Strengthening and expansion of the Platform**
- **Active participation in international programmes:**
 - **Framework Programme 7 of EU**
 - **Plan for European Co-operating States of ESA**

Sectoral Contact Point for FP7 Space

- Decision and grant of Ministry of Science and Higher Education (2007-2013)
- Integration of Polish entities in FP7 consortia
- Building proposals for next Calls

New Member States in FP7 SPACE Theme
Warsaw, 15.03.2007

Warsaw, 22 June 2007

Co-operation with ESA

- Active participation in drafting of PECS Charter
- Providing the national administration with opinions of industry on Polish-ESA relations
- Lobbying for larger PECS budgets
- Training for industry (ECSS standards, bidding & contract rules etc.)
- Building joint, medium-scale projects
- Promotion of Polish space capabilities (e.g. Polish Space Directory)
- Gaining access to EU-funded procurement opportunities within ESA
